

PERSONAL MENTION

John Vasconcellos, master mechanic of the Kahului Railroad, departed last Saturday from Honolulu by the steamer Manoa for the coast where he expects to spend Christmas with his family who have been visiting in Santa Clara for some months.

Mrs. W. H. Field, who was operated upon last Saturday at the Lahaina hospital, is doing nicely and will probably be able to leave the hospital within another week.

Mrs. William Osmer, who has been seriously ill in the Malulani hospital, is sufficiently better to be removed to her home.

Frank J. Leandro, bookkeeper for the American Can Co., at Haliu, was a visitor to Honolulu this week.

M. R. Kiester, of the Maui Publishing Co., returned on Tuesday from a brief business trip to Honolulu.

Dr. Frank F. Bunker, head of the federal school survey now being taken in the Islands, arrived from Honolulu on Tuesday in connection with his work. He is one of the speakers at the annual meeting of the Maui teachers' association in Kahului today.

Dr. A. C. Rothrock returned from Honolulu on Wednesday after attending the annual meeting of the territorial medical association.

Manager Alexander Valentine of Olowalu plantation, and Mrs. Valentine, have returned from Hawaii where they spent several days visiting the Volcano.

Mrs. F. C. Atwater, of Haku, returned home last Saturday from a visit with friends in Honolulu.

Mr. and Mrs. Ed. J. Walsh, of Puunene, who have been spending a several months vacation on the Coast, were returning passengers by the steamer Maui which reached Honolulu last Friday.

Mrs. H. A. Baldwin, who has been visiting on the coast for some time, does not expect to return home until after the first of the year.

Dr. Francis Wong Leong, a Honolulu physician, is a visitor in Wailuku for a few days. He came up to attend the Apo-Tallant wedding last night.

Miss Davenport and Miss Cornwell, of the Kula Sanitarium, came down on Wednesday night to enjoy the Eastern Star dance at the Puunene club house.

Miss Grace Crockett arrived from Honolulu by the Mauna Kea on Wednesday evening to spend Thanksgiving at home.

Friends of Mrs. Bryan, the librarian of the Maui library, will be glad to learn that she is feeling much better. She sailed for the coast by the Niagara last week.

Josh Banks, aged 96, is in Lahaina visiting his grandfather. He bought a Player Piano from Jack Bergstrom of Wailuku.—Adv.

Mr. and Mrs. George W. Weight, of Kailua, were recipients of a Thanksgiving gift yesterday in form of a fine son, born at the Malulani hospital, Wailuku.

Mrs. Jack Bergstrom returned last Saturday night from a week's visit in Honolulu.

Rev. L. B. Kaumeheiwa, of Wailuku, returned on Monday night from a week spent in Hilo and other points on the island of Hawaii.

Mr. and Mrs. P. H. Ross and Miss Edith Lawrence spent last Sunday at the Kula sanitarium.

HAWAIIAN SUGAR BARRED TO REFINERIES

HONOLULU, Nov. 26—Upwards of 3000 tons of Hawaiian sugar of the 1919 crop, reported to have been held in storage, has been barred to refineries until next year by the sugar equalization board's ruling, which fixed the close of the 1919 crop October 15.

WASHINGTON, Nov. 27—Thanksgiving was observed in all governments today, all offices being closed. Secretary Daniels attended the army navy championship football game.

Seminary Girls Have Arbor Day Exercises

The effort to stimulate a love of out of doors life as well as the development of knowledge of the domestic arts among the pupils of Maunaloa Seminary, was exemplified last Friday in the interesting and inspiring Arbor Day exercises held at the institution.

The exercises began at 10 o'clock, and following a literary program, the girls, under direction of Prof. F. G. Krauss planted a number of fruit and ornamental trees in the school grounds. The institution now has about 100 fruit trees and some 130 ornamentals and shade trees, not counting the large number of eucalyptus trees.

The program of the day was as follows:

GOVERNMENT TO SEIZE AND OPERATE MINES IS DECISION
WASHINGTON, Nov. 28—That the government will seize and operate all coal mines where the operators show no disposition to co-operate to increase production, was agreed upon by the cabinet on Wednesday, it was officially stated today.

The mines will be operated by volunteer miners, and the government troops will be used to protect men wishing to work.

In the mines to be seized a 14 percent increase over the present wage is to be granted.

The plan to break the strike does not contemplate any general plan of government control.

OBREGON OUT FOR CARRANZA'S SCALP
SAN ANTONIO, Nov. 28—Fighting has broken out in Mexico City between Obregon and Carranza forces. Carranza has fled to Queretaro for safety.

COLORADO IN GRIP OF STORM
DENVER, Nov. 27—The weather bureau holds out hope of no immediate relief from the cold wave which has this section of the country in its grip. The temperature is 7 degrees below zero, and railroad traffic is seriously interfered with by heavy snows.

SOCIETY

Apo--Tallant

In the presence of a crowd of friends which taxed the large house of Sheriff Clem Crowell to its capacity, Miss Esther Tallant, daughter of Mr. and Mrs. Crowell, became the bride last evening of Mr. Kama Apo, the well known motorcycle officer of the Maui police force. The ceremony took place at 6 o'clock, being performed by the Rev. Father Justin.

The wedding was a matter of much interest to many in Maui as both of the young people are widely and popularly known.

The bride was attended by her sister, Miss Lizzie Tallant, as bride's maid, while Mr. Eugene Bal was best man.

The Crowell home had been prettily

decorated for the occasion with flowers and plants, and the young couple received many handsome wedding gifts.

Following the ceremony a bounteous wedding supper was served, during the festivities of which the newly-weds disappeared and have not been seen since. They will go to housekeeping in a few days in a pretty cottage on the premises adjoining the Crowell home, which has already been furnished for the purpose.

TURNER-REGO

Miss Lucille Rego, daughter of Joe do Rego, of Wailuku, and James Edgar Turner, an employee of the office force of the Kahului railroad, were married in Paia on Wednesday evening by the Rev. Father Francis.

MAKAWAO LADIES' AID BAZAAR IS PLEASING SUCCESS

"The Village Postoffice," a rollicking farce playlet, created great fun for the large crowd which attended the bazaar given last Saturday's night at the Paia Community house by the Makawao Ladies' Aid society. Some 20 persons made up the cast.

Besides this feature a number of musical and literary numbers were on the program and all were much appreciated.

The fair was a big success from a financial standpoint, between \$800 and \$900 being realized.

UNITED STATES TO PUSH JENKINS QUESTION TO QUICK ISSUE

WASHINGTON, Nov. 28—The government will make further investigation of facts in connection with the Jenkins matter, but has no intention of receding from the position it has already taken, or of permitting prolonged delay. The next step will probably be in nature of an ultimatum. The United States is prepared for a course action and will carry it out if necessary.

WYOMING MINERS MADE TO WORK

SHERIDAN, Wyo., Nov. 26—Scores of miners who have refused to return to work have been rounded up by soldiers, placed in cars to be taken to the county jail. All others miners in the town have been ordered by Major Dean to get back to work.

SPORTS

Junior Basket Ball Starts With A Bang

Close Score In Hard Fought Game Between High School And Gyms Shows Well Matched Teams—Play Again Tonight.

A large and enthusiastic crowd of rooters watched the Gym team nose out a shakely victory from the Maui High outfit, and the Saint Anthony's clean up the debris with the Wacs, in the first games of the new junior basket ball series. The game took place last Friday night at the Alexander House.

If the first meeting is any criterion, the junior series just launched is going to be a hummer; and the narrow margin by which the first game was won and the big score run up gives a hint that there will be no lack of interest through overwhelming supremacy of any one team.

The scores follow:
Gym 33, High School, 31.
Saints, 13, Wacs, 10.

The games scheduled for this evening are—Trade team vs Saints; Gym vs. Wacs.

KAHULUI WINS FINAL GAME FROM LAHAINA BASKET TEAM

The Kahului basket ball team won the championship in the senior series from the Lahaina team, in a rousing play-off game at the Alexander House Gym, last Monday night. The score stood 16 to 10 when time was called.

This series has been going on for some time past, each team having won one set of games, making a third series necessary. An interested crowd watched the final play with greatest excitement.

There will be no more senior playings for some time until the junior series is concluded.

Lahaina Makes Good In First Winter Game

In the first games of the new winter league series, played last Sunday on the Wailuku diamond, Lahaina defeated the Stars by a score of 2 to 1, in a game that was hard playing from start to finish.

In the second game, the Puunene-Paia team walked away from the Wacs in a game that abounded in errors, by a score of 7 to 1. The local bunch was very much off its feed for some reason and failed to show its usual class.

Next Sunday the Lahainas will take on the up-country boys and the Stars will try for the Wacs' scalp.

GAME LAW VIOLATION SUSPECTED

Dr. George S. Aiken and Lee Austin spent last Sunday on the upper slopes of Kula and brought back 7 fine pheasants. They report a good many birds but that they are shy.

Dr. Aiken states that there is evidence that pot hunters and game hogs are shooting on Maui and killing not only more than 5, the legal maximum for one day per man, but are also shooting hens as well as cocks, which is also against the law. The matter will probably be brought to the attention of the new Gun Club division of the fair and racing association and steps taken to break up this unsportsmanlike practice.

NEW TENNIS COURT

BEING FINISHED
After waiting for many months the lighter county road roller has finally been secured and has been at work during the past week in firming the new tennis court at the Alexander House. This will be completed in a few days, it is expected, when the facilities of the Settlement for tennis will be doubled. It is certain that the facilities will be taxed even then.

Science Learned Much From Recent Lava Flow

HILO, Nov. 25—The mysteries of a lava, the mechanism of its flow, and its behavior in motion to a large extent have been solved by the recent great eruption at Mauna Loa, one of the volcanoes on this island, according to Professor T. A. Jaggar, Jr., volcanologist.

Although there has been ample opportunity to study the mechanism of pahoehoe, or soft lava flows, a-a, or the rough variety, has been more or less a sealed book to science, said Professor Jaggar.

On his last trip Professor Jaggar crossed the active fissure at a time when activity was confined to the one large cone. Shortly afterwards four smaller cones south of the fountain head burst into life with a loud roaring, puffing noise, and sent a stream of lava westward, paralleling that from the main cone.

Along the eastern side of the fissure the country was found to have been built up to a great height by the earlier output of cones now lifeless. As the flow died away, the source retreated northward up the mountain.

The cone from which issued the greater bulk of the earlier Alikia flow is now dead. The professor climbed this cone and looked down from its topmost edge into a great amphitheater 300 feet deep and 1000 feet wide.

After watching the two flows Professor Jaggar verified by measurements a conjecture which he first made while observing the pulsations of the Alikia channel. He noted then that the torrent of fire had moments when the stream seemed to rise along its whole length. Immediately it was suggested to him that the whole flow was alive, the bed of the stream as well as the river it bore. The rise, he believed, must be a rise of the bed itself, heaved upward by pressure from living depths below.

The basin receiving the present reduced outpouring, the professor said, is of such extent that it could not be flooded briefly before the first of next year and before that time, judging from the lessening activity, the present great flow of Mauna Loa will be dead.

WORLD SUGAR CROP COMING BACK FAST

WASHINGTON, Nov. 26—A bumper world's sugar crop for this year is shown by the estimates of the International Institute of Agriculture in Rome, just made public by the department of agriculture.

The total output of beet sugar is estimated at 20,344,000 tons; which is 114.8 percent above the average for the past five years.
